**Notice of Rulemaking and Public Comment Period for
Amendments to Regulations Contained in
Chapter 3 (Commencing with Section 9795), Division 4, Title 9,
California Code of Regulations
Driving Under the Influence (DUI) Programs**

On June 27, 2008, the California Department of Alcohol and Drug Programs (ADP) provided notice of amendments to Chapter 3 (commencing with Section 9795), Division 4, Title 9, California Code of Regulations. That notice established a 45-day public comment period from June 27 through August 11, 2009. Unfortunately that notice did not reach everyone who wished to provide public comment. Therefore the original public notice of June 27, 2008 is hereby rescinded and notice is given that ADP will provide a second 45-day public comment period from August 8, 2008 through close of business on September 22, 2008. To avoid inconvenience to anyone who has already submitted comments, ADP will consider any comments received since the date of the original notice as being submitted during the 45-day public comment period. ADP has not made any additional changes to the regulations since they were originally noticed on June 27, 2008.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW:

Section 11836 of the Health and Safety Code (HSC) grants ADP statutory authority to license DUI programs. HSC Section 11836.15 requires ADP to adopt regulations needed to license DUI programs. Those regulations are contained in Chapter 3 (commencing with Section 9795), Division 4, Title 9 of the California Code of Regulations (CCR). This regulatory action amends Chapter 3 as summarized below. These changes were developed in collaboration with the DUI Advisory Work Group, which is composed of licensed providers of DUI program services, and representatives of the California Association of Alcohol and Drug Program Administrators (i.e. counties), and the Department of Motor Vehicles.

- The term "Drinking Driver Program" has been changed to "Driving Under the Influence Program" or "DUI" to maintain consistency throughout Chapter 3.

- The term “significant other” was added and defined in order to maintain consistency with Health and Safety Code Section 11837(e).
- Within 150 days prior to expiration of a DUI license, county alcohol and drug administrators are asked to notify ADP whether the licensee has paid county administration and monitoring fees.
- Program enrollment and intake interviews have been combined, procedures for program enrollment have been added, and administrative or clerical staff may conduct the program enrollment and intake interview.
- Certified counseling staff shall conduct assessments of participants’ alcohol and drug problems.
- The licensee shall conduct the first face-to-face interview within 21 days of enrollment.
- Program services were increased from six months to nine months for participants ordered by the court to participate in a DUI program pursuant to Assembly Bill 1353 (Chapter 164, Statutes of 2005).
- Participants are prohibited from attending more than one group counseling session and one make up session per week.
- The maximum fine assessed for a missing Notice of Completion is limited to \$15,000.
- The option of testing for drug use with a chemical screening device has been added if program staff suspect a participant to be under the influence of drugs while attending program services. The licensee may charge the participant for the cost of a chemical test only if the result is positive. Chemical screening devices may already be used if program staff suspect a participant is under the influence of alcohol.
- The minimum participant fee for individuals eligible for general relief or general assistance has been raised from \$5 to \$10 per month. The program may charge participants an additional fee of no more than \$5 for failure to pay program fees on time. The program may charge participants a maximum fee of \$10 each time the participant is granted a leave of absence for vacation. The program may charge participants a maximum fee of \$10 for processing a transfer to another licensed DUI program. Ancillary fees have been limited and specified in regulation. The licensee must justify to ADP charges for ancillary services which exceed the minimum amount listed.

- The program director/administrator shall review requests for leave of absence.
- The licensee may require participants to make up all absences and pay all outstanding fees before granting a leave of absence for vacation.
- The inter-program transfer process has been updated to reflect actual practice.
- Standards for dismissal of participants have been clarified and strengthened to allow DUI programs to dismiss participants who act in a threatening manner toward staff or other participants.

The program shall allow a participant in a 30-month program no less than 30 months from the date of enrollment to pay the program fee.

- (E) If the program elects to use the reduced fee option, the program shall assess the participant's program fee as follows:

The program shall divide the participant's annual gross income by 35 percent of the county median family income to determine the percentage of the program fee to be paid by the participant.

The program shall multiply the resulting percentage by the program fee, shown on the program's standardized payment schedule, to determine the dollar amount of the participant's assessed program fee.

For example:

If the county median family income is \$39,035, the program would multiply \$39,035 by 0.35 to determine that 35 percent of the county median family income is \$13,662.

If the participant's income is \$10,930, the program would divide \$10,930 by \$13,662 to determine that the participant would be required to pay 80 percent of the program fee.

If the program fee is \$1,081, the program would multiply \$1,081 by 80 percent to determine that the participant's assessed program fee would be \$865.

At its option, the program may require the participant to pay his/her assessed program fee in accordance with the provisions of Subsection (f)(4) of this regulation, or the program may allow the participant to extend payments as specified in Subsection (f)(3)(D) of this regulation.

- (F) If the participant's income is greater than the general assistance benefit level for the county but equal to or less than 35 percent of the monthly median family income for the county, the program shall not require the participant to pay a down payment that exceeds the cost of enrolling the participant in the program.

- (4) If the participant's monthly income is greater than 35 percent of the monthly median family income for the county, the program shall assess the participant the full program fee shown on the program's standardized payment schedule. The program shall allow the participant to pay his/her assessed program fee as follows:
- (A) The program shall allow a participant in a three-month program no less than three months from the date of enrollment to pay the program fee.
 - (B) The program shall allow a participant in a six-month program no less than six months from the date of enrollment to pay the program fee.
 - (C) The program shall allow a participant in a nine-month program no less than nine months from the date of enrollment to pay the program fee.
 - (D) The program shall allow a participant in a 12-month program no less than 12 months from the date of enrollment to pay the program fee.
 - (E) The program shall allow a participant in a 18-month program no less than 12 months from the date of enrollment to pay the program fee.
 - (F) The program shall allow a participant in a 30-month program no less than 18 months from the date of enrollment to pay the program fee.
 - (G) The program may require the participant to pay a down payment not to exceed 50 percent of the program fee for first offenders, or 20 percent of the program fee for multiple offenders.

(g) Except for participants who are eligible for a minimum fee of \$20 per month [as specified in (d) immediately above], the licensee may charge a participant ancillary fees for services as specified below:

<u>Ancillary Service Fee</u>	<u>Minimum Fee</u>	<u>Maximum</u>
<u>Returned check (excluding bank charge)</u>	<u>\$25</u>	<u>\$30</u>
<u>Missed Activity</u>	<u>\$30</u>	<u>\$42</u>
<u>Rescheduling</u>	<u>\$15</u>	<u>\$25</u>
<u>Transfer-Out</u>	<u>\$40</u>	<u>\$55</u>
<u>Transfer-In</u>	<u>\$70</u>	<u>\$84</u>
<u>Reinstatement</u>	<u>\$38</u>	<u>\$50</u>

<u>Duplicate DL 101 (research)</u>	<u>\$13</u>	<u>\$16</u>
<u>Leave of Absence (vacation or work related)</u>	<u>\$17</u>	<u>\$25</u>
<u>Late Payment Fee</u>	<u>\$25</u>	<u>\$25</u>
<u>Drug testing (administrative cost)</u>	<u>\$24</u>	<u>\$32</u>

The licensee shall charge no more for ancillary services than the maximum fees shown in (g) immediately above and may charge for only the ancillary services shown in (g) above. The licensee is not required to justify fees for ancillary services that are at or below the minimum fee shown above. However the licensee shall provide justification in writing to the Department for any ancillary that is greater than the minimum amount specified. Such justification shall include the activity and time involved to perform the task, and the classification and hourly rate of pay for the staff performing the tasks

NECESSITY: The Department does not currently limit ancillary fees assessed to program participants. Limits are needed to insure that fees are consistent statewide and reasonable for the participant, while reimbursing the licensee for the cost of providing extra services, as required by HSC 11837.4(b)(2)(a), which requires DUI programs to be self supporting from participant fees. The ranges for each fee were established based on an analysis conducted by the DUI Advisory Workgroup of the functions involved, the level of staff and pay performing the function, and the time required for each function. The range of fees proposed is substantially lower than range of fees DUI programs currently charge for ancillary services.

- (h) The program shall document the participant's program fee and payment schedule in the participant contract signed at enrollment. The program shall amend the contract to reflect any subsequent increase or decrease in the program fee or the payment schedule.

NECESSITY: Needed to allow participants to extend payments over time for ease of payment.

- (g)(i) The program may allow a participant to voluntarily pay in advance for program services to be provided.

NECESSITY: Moved to new §9878(i)

- (h)(i) The program may withhold the participant's completion certificate until the assessed program fee, and any additional fees assessed have been paid in full. Withholding of the participant completion certificate shall require an agreement between the parties, to be reflected in the participant contract or an amendment to that contract. (As used in this regulation, the term "completion certificate" means the Department of Motor Vehicles' Form DL 101.)

- (1) The contract or amendment shall state that the participant has been informed of (and by signing the contract shows that he/she understands)

the terms and conditions of the contract, and he/she agrees that the program completion certificate will be withheld until the participant has paid the assessed program fee and any additional fees assessed.

- (2) The contract or amendment shall be signed by the participant and by a program representative.
 - (3) The program shall retain a copy of the signed contract or amendment in the participant's record.
- (i)(k) The program may allow the participant, at the program's option, to pay the program fee on a weekly, bi-weekly, or monthly basis. If the program requires the participant to pay the program fee on a weekly or bi-weekly basis, the total amount charged shall not exceed the total amount which would be required if payment were made in equal monthly payments.
- (j)(l) The program shall refund to the participant any program fee paid in advance for services the participant did not receive. Refunds to participants who have been dismissed from the program shall be issued within ninety days from the date of dismissal. In calculating the amount to be refunded to the participant, the program shall use the program fee per unit of service approved pursuant to this regulation.
- (k)(m) Prior to processing a participant's request for a transfer to another state licensed program, the program may require the participant to pay his/her assessed program fee due for services provided by the program and any additional fees assessed in accordance with the provisions of this regulation.
- (l)(n) Prior to processing a participant's request for reinstatement to the program following a dismissal, voluntary withdrawal, or transfer, the program may require the participant to pay his/her assessed program fee due for services provided by the program, and any additional fees assessed in accordance with the provisions of this regulation.
- (m)(o) The county may assess an amount not to exceed five percent of gross program revenue per annum for its administration and monitoring of the program, in accordance with Section 9801.5. The county may assess an amount in excess of five percent of gross program revenue per annum only with approval by the Department. Such approval shall require the county to provide justification of actual costs and services. Approval shall be valid only for the fiscal year for which it is granted.
- (n)(p) Program profit or surplus shall not exceed 10 percent of gross revenue from fees per annum.

NECESSITY: (c) moved from §9878(b)

- (n)(q) The program shall maintain for Departmental review the current and previous fiscal year program budget and revenue and expenditure reports.
